

WINE LIST

Dear Guest,

Thank you for taking your time to read our wine list.

Wine is not only alcoholic grape juice and it is not made only for boring tasting with the duty of recognising thousands of different flavours.

A wine bottle, when it is at his maximum quality level, is an emotion container which represents the land where is from with the signature of artists, called winemakers.

As sommeliers, our job is to find out about different wine regions, grapes, techniques and bring the ones which gave us the best emotions to your table.

Luckily it is a really wide world and there is always something to learn, to discover and to try, always!

Knowing all the research, hard work, investments and patience there is behind a bottle of wine our goal is to bring it to you as the producer would want.

Therefore, we carefully select our wines, we store them properly at the right temperature and we serve them in the best possible way depending by each unique style.

We love our job, let us guide you through our wine list and do not be shy to try different wines that you never heard about it, you could be surprised!

Thank you for your attention and trust,

The sommelier team:

Amedeo Bellini,
Kyson Forde,
Ryeem Clarke.
